RE: University abroad visit of Roselien Pas

Dear Sir/Madam,

This letter is to certify that:

Name: Roselien Pas
Nationality: Belgian
University: Vrije Universiteit Brussel
Pleinlaan 2 1050 Brussels
Rehabilitation and Physiotherapy (KINE)

Will visit the School of Public Health, University of Sydney from September 14 to October 12, 2018 under my supervision. She will spend time at with our research group to gain insight in the design and operation of large clinical trials. Her time at the university will create the opportunity to learn about paediatric pain from a broad perspective. During her research stay she will finalize the process of a meta-analysis/ systematic review about children with chronic musculoskeletal pain and she will get the chance to analyze data from ongoing studies.

Place of residence: To be agreed

Exemplar publications:

1. **Kamper SJ** and Williams CM (editors). Musculoskeletal Conditions in Children. Special edition of the *Journal of Orthopaedic and Sports Physical Therapy* 2017;47(10):699-816.
2. Swain MS, **Kamper SJ**, et al. The relationship between growth, maturation, and musculoskeletal conditions in adolescents: a systematic review. *Brit J Sports Med*. Accepted 27 Feb 2018
3. McLaren N, **Kamper SJ**, et al. Increased substance use and poorer mental health in adolescents with problematic musculoskeletal pain. *J Orthop Sport Phys Ther* (2017) 47;705-11.
4. Swain MS, **Kamper SJ**, et al. Short-term clinical course of knee pain in children and adolescents: A feasibility study using electronic methods of data collection. *Physiother Res Int* 2017;22(4): doi: 10.1002/pri.1669
5. **Kamper SJ**, Yamato TP, Williams CM. The prevalence, risk factors, prognosis and treatment for back pain in children and adolescents: An overview of systematic reviews. *Best Prac Res Clin Rheumatol*. 2016;30(6):1021-36.
6. **Kamper SJ**, Dissing KB, Hestbaek L. Whose pain is it anyway? Comparability of pain report from children and their parents. *Chiro Man Ther* 2016: 24:24.

Yours sincerely,

Steve Kamper
