Voetbal in de stad vzw – KAA Gent Foundation

14:10 – 14:30

Selahattin Koçak

Football & Diversity

Voetbal Vlaanderen

14:30 – 16:00

Interactive Panel Discussion

with all invited speakers and Valerio Giovannini
(UEFA)

How to get there? <http://www.vub.ac.be/en/campus/brussels-humanities-sciences-engineering-campus>

The guest speakers will all bring their own story with a focus on the role of sport – football in particular – and community development. **Selçuk Açıkgöz** will introduce the seminar with some critical reflections on using sport as a means for (social) development. Then, **Wim Beelaert** and **Pierre van der Veken** will explain which community role football plays in the city of Ghent. Our last speaker, **Selahattin Koçak** will provide insights on how issues of diversity are promoted and managed by the Flemish Football Federation. We will close the seminar with a critical panel discussion, which will be attended by a representative of the UEFA.

This seminar is open to all but only after **registration**. For registration or further questions, please contact zeno.nols@vub.be of 0472/34.48.64.
