Manager narcissism and employee silence: A socio-analytic theory perspective

Multilevel modeling for careers research
The ups and downs of felt job insecurity and job performance: The moderating role of informational justice

Multiple Foci of Commitment and Employee Silence: A Role Theory Perspective

Person-Centered Approaches in Management: Methodological Insights and Substantive Examples

Person-centered methods in vocational research

Train to retain: Training opportunities, positive reciprocity, and expected retirement age

Impact of job insecurity on job performance introduction

Money on my mind: Investigating the relationship between financial worry and work role performance

What's in a word? Using construal-level theory to predict voice endorsement

Effectively apologizing to consumers after a crisis: Psychological distance and abstractness/concreteness of an organization's apology

Should supervisors communicate goals or visions? The moderating role of subordinates' psychological distance

Employees' perceptions of their manager's authentic leadership: Considering managers' political skill and gender

Within-Subject Variability in Ingratiation as a Function of Self-Esteem and Time: A Dynamic Perspective

Head in the Clouds and Feet on the Ground: Leadership and Regulatory Focus across Different Contexts
Manager Narcissism and Employee Silence: A Socio-Analytic Theory Perspective

Perceived Overqualification, Counterproductive Performance and the Moderating Role of Ambition

I Want to Be a Billionaire: How Do Extrinsic and Intrinsic Values Influence Youngsters’ Well-Being?

The relevance of achievement goals in talking “shop” with the boss: “Improve yourself and me” versus “show off, but don’t upstage me!”

Too afraid to teach: The impact of job characteristics and trait anxiety on burnout through state anxiety

How and when LMX quality relates to counterproductive performance: A mediated moderation model

Room for advancement: The regulatory fit of bottom-rank intermediate feedback

Where to seat the applicant? How spatial distance influences the effect of self-promotion on interviewer evaluations

How colleagues can support each other’s needs and motivation: An intervention on employee work motivation.

Empowering and directive leadership: When do they improve team decision-making?

Predicting employee perceptions of female managers’ sincerity

Fairness and exhaustion as explanatory mechanisms in the relationship between job insecurity and employee outcomes: A two-wave study

When is voice behavior evaluated as complaining?

How are the dark ones doing at work? Uncovering mechanisms and moderators of the outcomes of Machiavellianism, narcissism, and psychopathy
Interactive effect of leader incivility and trust on work engagement and performance

What Does it Take to Break the Silence in Teams: Authentic Leadership and/or Proactive Followership?

What’s in a word? Using construal level theory to predict voice endorsement.

What’s in a word? Using construal-level theory to predict voice endorsement

When narcissistic leaders go social: Consequences for employee trust and silence

When Task Conflict Becomes Personal: The Impact of Perceived Team Performance

Explaining the relations between job insecurity and employee outcomes during organizational change: A multigroup comparison.

Mechanisms in the emotional labor – well-being relationship: A comprehensive perspective

Look alike or talk alike? Applying construal level theory to the similar-to-me effect.

The differential influence of self- versus other-referenced anxiety on performance

Speaking up when feeling job insecure: The moderating role of punishment and reward sensitivity

Emotional labor and self-determination theory: Motivation matters

Self-promotion during job interviews: The interactive effect with spatial distance on interview outcomes

Pay level satisfaction and employee outcomes: the moderating effect of autonomy and support climates

Skill utilization and well-being: a cross-level story of day-to-day fluctuations and personal intrinsic values
The response phase of the disaster management life cycle revisited within the context of “disasters out of the box”

Exemplification and perceived job insecurity: Associations with self-rated performance and emotional exhaustion

Doeloriëntaties en het tijdsperspectief van oudere werknemers: Is er een verband met pensioenintenties?

Religiousness in times of job insecurity: Job demand or resource?

The negative effects of delays in information exchange: Looking at workplace relationships from an affective events perspective

Work values and work engagement within teams: The mediating role of need satisfaction

The influence of self-promotion and spatial distance on Interview outcomes

The role of punishment and reward sensitivity in the emotional labor process: A within-person perspective

Job insecurity and employee performance: The moderating role of time-varying organizational change communication

How adaptive and maladaptive humor influence well-being at work: A diary study

What friends tell you about justice: The influence of peer communication on applicant reactions

How team turnover disrupts team performance: A human resources loss perspective

When faking emotions is especially hurtful: the role of punishment sensitivity
When does self-promotion work? The influence of temporal distance on interviewer evaluations

Daily skill discretion and well-being: The moderating role of work values

Explaining the effects of job insecurity: A multiple group comparison

Relationship conflict and affective commitment over time: The moderating influence of team diversity

The route to employability: Examining resources and the mediating role of motivation

A weekly diary study on the buffering role of social support in the relationship between job insecurity and employee performance

De relatie tussen werkeisen, energiebronnen, spanning en werkplezier: Een kwestie van leeftijd?

The influence of general beliefs on the formation of justice expectations: The moderating role of direct experiences

For Fun, Love, or Money: What Drives Workaholic, Engaged, and Burned-Out Employees at Work?

Divergent intentions to use antibiotic guidelines: a theory of planned behavior survey

Pay level satisfaction and employee outcomes: The moderating effect of autonomy and support climate

Pay level dissatisfaction and employee outcomes: The moderating effect of employee involvement climate

The dynamic nature of emotional labor and cynicism: A diary study on the moderating role of conscientiousness

Understanding Workaholics' Motivations: A Self-Determination Perspective
Explaining temporal dynamics in team coordination: the influence of team planning and conflict

Ways of measuring and monitoring employees' performance and well-being in different cultures

Linking job insecurity to well-being and organizational attitudes in belgian workers: The role of security expectations and fairness

Measuring and monitoring the team: Using team-level information to monitor the well-being of employees

Battling the war for talent: An application in a military context

Social capital, team efficacy and team potency: The mediating role of team learning behaviors

Job demands and resources and their associations with early retirement intentions through recovery need and work enjoyment

A weekly diary study on the buffering role of social support in the relationship between job insecurity and employee performance
Schreurs, B. HJ., 2011.

How relative job insecurity affects the relation between information sharing and employee outcomes

Job demands-resources and early retirement intention: Differences between blue- and white-collar workers

Praying for security: The role of religion in moderating outcomes of job insecurity

When conflict threatens teams: How perceived performance influences relationship conflict over time

Direct and indirect effects of shared work value orientations on employee's job engagement within teams

Social networks and knowledge sharing behaviors: The moderating role of HRM practices

Zelf- versus ander-gerefereerde angstvragenlijst: Validatie van een Franstalige versie en verschillen in faalangst tussen Vlaamse en Waalse sollicitanten in België
The motivational bases of job-related well-being: Why do workaholic, engaged and burned-out employees work so hard?

De relatie tussen werkeisen, energiebronnen, spanning en werkplezier: Een kwestie van leeftijd?

HRM, werken aan evenwicht

Ingratiation and self-promotion in the selection interview: The effects of using single tactics or a combination of tactics on interviewer judgments.

Job insecurity and employee health: The buffering potential of job control and job self-efficacy.

Praying for security: Can religiosity offset the negative health effects of job insecurity?

The relationship between selection expectations, perceptions and organizational attraction: A test of competing models.

Work-family conflict and facilitation: The combined influence of the job-demand-control model and achievement striving.

It is not how hard you work, but how you work hard: Explaining workaholism from self-determination theory

The differential relationships of self- and other-referenced anxiety to cognitive test performance

The influence of self- and other-referenced anxiety on perceptions of justice

Traditional and discretionary SHRM practices and team effectiveness: Examining the mediating role of team learning behaviors

Understanding workaholics’ motivation: A self-determination theory perspective

Job demands-resources and their associations with early retirement

Strategic HRM practices and group potency: Examining the mediating role of team learning behaviors
Schreurs, B. HJ. & van Emmerik, IJ. H., Apr 2009.
Angry applicants: The influence of justice perceptions and anxiety

Does meaning-making help during organizational change? Development and validation of a new scale

Modeling the structure of applicant reactions: An empirical study within the Belgian military.
Derous, E. & Schreurs, B. HJ., 2009, In: Military Psychology. 21, 1, p. 40-61

Predicting applicants' job pursuit behavior from their selection expectations: The mediating role of the theory of planned behavior.

Symbolic attributes and organizational attractiveness: The moderating effects of applicant personality.

The route to employability: Examining job resources and the mediating role of motivation

Theory of planned behaviour and its use in antibiotic prescribing in a hospital setting.

Validatie van een Nederlandstalige vragenlijst over verwachtingen van sollicitanten.

The relationship between cognitive test anxiety, self-consciousness, perfectionism, and achievement goals
Proost, K., Derous, E., Schreurs, B. HJ. & De Witte, K., Jul 2008.

Work-family conflict and facilitation: The combined influence of the job-demand-control model and type A behavior

Selection test anxiety: Investigating applicants' self- vs other-referenced anxiety in a real selection setting

Applicant selection expectations: Validating a multidimensional measure in the military.

Measuring a conceptual model of early turnover: A longitudinal perspective

Selection anxiety test: Investigating applicants' self- versus other-referenced anxiety in a real selection setting
Fearing the evaluative context of personnel selection: The differential effect of applicants’ self versus other-referenced anxiety on test performance

Longitudinal study to explain early exit: Work or quality of life?

Measuring a conceptual model of military turnover: A longitudinal perspective

Predicting applicants’ job pursuit from selection expectations and the theory of planned behavior

Validation of a vocational interest questionnaire for the military

Measuring a conceptual model of military turnover

Openness to experience: A moderator in the relationship between trait inferences and organizational attraction

Attracting potential applicants to the military: The effects of initial face-to-face contacts

Examining the relationship between employer knowledge dimensions and organizational attractiveness: An application in a military context
